OUR HABITAS NAMIBIA: AN INTIMATE SAFARI EXPERIENCE IN AFRICA

Our Habitas Namibia presents immersive programming centered around adventure, exploration, and learning on a private wildlife reserve

Set on 51,000 hectares of private wildlife reserve just 45 minutes from Windhoek airport, the country's main airport, [Our Habitas Namibia](#) offers a truly unique safari and wildlife experience, through immersive programming defined by the brand's core pillars: adventure, conservation, music, wellness, culture and food & beverage.

Namibia is known for its diverse landscapes and rich animal biodiversity including lions, elephants, rhinos and several antelope species. Our Habitas Namibia is located within the Kalahari biome, home to more unique and remarkable creatures such as the elusive armadillos, badgers, hyenas and the highly endangered pangolin that can be seen on a night safari. The protected 51,000 privately owned hectares in which the hotel is situated ensures a safari experience away from other tourists, whereby guests will never encounter other safari vehicles. Bush walks are hosted by The San people - the native Bushmen - who, with their ancestral knowledge of the bush, teach guests about tracking, survival skills and medicinal plants.

Constructed from natural materials, each of the hotel's 12 tented rooms are elevated above the savannah on top of the hill, equipped with sweeping panoramic views of the surrounding landscape and decorated with local crafts and custom-made furnishings. Located atop a mountain, the views are spectacularly undisturbed and the lodges are far from all light and noise pollution. All stays begin with a welcome ceremony at check-in, and include full board or half board options, with full board offering day and night safari drives in addition to daily activities such as yoga, local gin tasting and sunset drinks, stargazing and more. The hotel also features a natural-looking swimming pool, outdoor cinema and fire pit.

The restaurant serves dishes prepared with ingredients sourced locally, paired with flavours from all over the world. Menu highlights include *Kapana Beef*, *Game Carpaccio*, *Sweet and Spicy Brinjal Flatbreads* and *Braai Broodjies*. Alongside the immersive safari drives, the resort offers activities including local dances, drum circles, yoga and meditations. For those seeking a more adventurous

KALAHARI, NAMIBIA

experience, guests can learn survival skills from local San tribesmen, Africa's oldest indigenous communities.

The property's wellness programming is incorporated into the safari experiences and celebrates the bush. It is rooted in restorative practices that blend ancestral traditions from around the world with a deep connection to Namibia's indigenous culture. Signature therapies and bush meditations reflect this fusion, creating a holistic experience inspired by the land and its people. All ingredients used in the wellness treatments - such as marula, ximenia, Kalahari melon seed, manketti, baobab, inara, and myrrh essential oils - are sustainably sourced from trusted local communities across Namibia. Highlighted treatments include the *Calabash Caress*, which uses smooth calabashes to relieve tension and the *Hematite Full-Body Mask*, enriched with Himba red ochre for sun protection and skin nourishment.

By participating in these experiences, guests actively contribute to local wildlife conservation efforts and support the brand's community impact initiative, Our Habitas RISE.

About Our Habitas:

Our Habitas is a global hospitality group created by a diverse community of people seeking human connection, authentic experiences and a better future together. Redefining the concept of traditional luxury in hotels, Our Habitas' mission is to change people's lives through creating deeper human connections and to make a lasting impact on local communities through education, employment and the creation of sustainable micro-economies. With homes currently located in Mexico, United States, Morocco, Namibia, Costa Rica, Chile, Qatar and Saudi Arabia, Our Habitas is expanding globally across Latin America and the Middle East using its technology-driven approach and innovative vertically integrated model. Our Habitas is part of Ennismore, a creative hospitality company rooted in culture and community, with a global collective of entrepreneurial and founder-built brands with purpose at their heart. Formed in 2021, Ennismore is a joint venture with Accor, which holds a majority shareholding. ennismore.com
