

experience that **matters**

NKONZI CAMP INTRODUCTION

Welcome to Nkonzi Camp, a seasonal bush camp that seamlessly blends old-world charm with modern comfort. Situated within South Luangwa National Park, our camp offers unique experiences, exceptional hospitality, and first-class guiding in one of the most beautiful locations in the world.

LOCATION

Located in the heart of untamed wilderness, our 10-bed, 5-tent bush camp provides an unparalleled safari experience. You'll enjoy game drives and walking safaris while rarely encountering another soul; our closest neighbours are over 3km away! We're conveniently located just an hour from the main gate, giving you easy access to the main game viewing areas and Mfuwe airport.

OWNER RUN AND GUIDED

Our camp is run by Gavin Opie, who founded Nkonzi Camp and has over 15 years of guiding experience in South Luangwa. Gavin is passionate about sharing his love of the wildlife and ecosystem of the valley with our guests. He is on site throughout the season and, along with one other full-time guide, leads all walking safaris and game drives.

GAME VIEWING

In 2022/23, the sightings in and around our camp have been nothing short of incredible. We're located in an area frequented by three separate wild dog packs, and there's plenty of leopard and lion activity at the nearby natural springs. You might even see elephants drinking from the small waterhole opposite the camp or enjoy the abundant birdlife. We are lucky enough to see game that is unique to the quieter areas of the park.

ETHICS

At Nkonzi Camp, we're proud to be 100% carbon neutral and powered purely by solar energy. We believe in having as little impact on this pristine environment as possible. The Luangwa Valley is our home, and we are committed to preserving it. From using locally sourced, natural materials to build our camp, to engaging in ethical guiding practices, and giving back through our chosen charities, we are dedicated to sustainable tourism. Experience the exceptional beauty and tranquility of South Luangwa National Park with us at Nkonzi Camp.
